

AMS LaTeX in VS Code

Your Name

September 6, 2026

1 Introduction

Here is an example of an AMS-LaTeX aligned equation environment:

$$f(x) = (x + 3)^2 - 5 \tag{1}$$

$$= x^2 + 6x + 9 - 5 \tag{2}$$

$$= x^2 + 6x + 4 \tag{3}$$

We can also use blackboards bold symbols from amssymb: $\mathbb{R}, \mathbb{Z}, \mathbb{N}$.
