

AMS LaTeX in VS Code

Your Name

September 6, 2026

1 Introduction

Here is an example of an AMS-LaTeX aligned equation environment:

$$\begin{aligned} f(x) &= (x+3)^2 - 5 & (1) \\ &= x^2 + 6x + 9 - 5 & (2) \\ &= x^2 + 6x + 4 & (3) \end{aligned}$$

We can also use blackboards bold symbols from amssymb: $\mathbb{R}, \mathbb{Z}, \mathbb{N}$.
